

## WHY LEARN SPANISH IN SEGOVIA

Segovia is a city of 60.000 inhabitants, plenty of cultural life and university students. In 1985 the Old City of Segovia and its Aqueduct were declared by the UNESCO as World Heritage City.

Travelers from the whole world come to Segovia, attracted by its beauty, its light, its history and its gastronomy.

Learning Spanish in Segovia means submerging not only into the language, but also in the Castilian culture.

The city is placed in the centre of the Iberian Peninsula, next to Valladolid (111 km.), the capital region, and close to Madrid (98 km.), the state capital. Segovia and Madrid are connected in less than an hour by road and in 30 minutes by high speed train. The main airport of Madrid (Barajas) is located at one hour and a half from Segovia.
